Vollzeitstellen für Zahnärzte in Deutschland (m/w/d)

Beschreibung
Location: Germany
Job Type: Full-time

About GloberiaGlobal:
GloberiaGlobal is a leading recruitment agency that connects qualified professionals with outstanding career opportunities around the world. Our focus is on the healthcare sector. Our goal is to connect talented people with dynamic companies to promote mutual success.

Position overview:
We are currently looking for a qualified and experienced dentist (m/f/d) for a full-time position in Germany. The ideal candidate is a qualified professional with a passion for quality dental care, excellent communication skills with patients, and a commitment to keeping abreast of the latest advances in dentistry.

Zuständigkeiten / Hauptaufgaben
Patient Care:
Performing routine dental exams, cleanings, and preventative care.
Diagnose and treat oral diseases and conditions.
Create treatment plans based on patient needs and preferences.
Educate patients on proper oral hygiene practices.

Clinical Responsibilities:
Perform dental procedures such as fillings, extractions, root canals and crowns.
Use of diagnostic tools including x-rays and intraoral cameras.
Maintain accurate patient records and treatment notes.
Ensuring compliance with all healthcare regulations and standards.

Collaboration:
Work closely with dental hygienists, assistants and other staff.
Collaborate with specialists on complex cases or referrals.
Participate in team meetings and professional development activities.

Patient Communication:
Communicate effectively with patients to address their concerns and explain treatment options.
Provide clear and understandable information about dental procedures.
Promote a positive and comfortable environment for patients.

Continuing Education:
Stay up to date on the latest developments in dentistry.
Participate in ongoing professional development and training.
Contributing to the improvement of dental services through the application of new techniques and technologies.
