

Assistant Physicians (Occupational Medicine) – (m/f/d)

Description

Location: Near Southern Germany

Job type: Full-time

Salary range: €63,000 – €75,000 + company car

Open positions: 15

Job overview:

As an assistant physician specializing in occupational medicine, your tasks include, among other things, conducting comprehensive medical examinations, providing competent advice on occupational health issues, and collaborating in a multidisciplinary team for the general well-being of our patients.

We are looking for candidates with sound knowledge of internal medicine/general practice and a service-oriented attitude. Excellent communication and interpersonal skills are essential, as you will be interacting with a wide variety of people, including patients, colleagues, and external stakeholders.

As part of our commitment to continuous improvement, you have access to ongoing medical training opportunities. This keeps you up-to-date with the latest developments in occupational medicine, enabling you to advance professionally and deliver outstanding results in your practice.

Responsibilities

- Conducting medical examinations for occupational health purposes.
- Assess and treat work-related health problems and provide appropriate medical advice.
- Work together with other medical professionals to ensure comprehensive patient care.
- Maintaining accurate and up-to-date medical records.
- Participate in medical continuing education to stay up-to-date on developments in this field.

Qualifications

- Professional registration as a doctor in your home country (no medical license required).
- C1 level of German language + FSP. or B2 level of German language + FSP.
- Prior knowledge in internal medicine/general medicine is an advantage.
- Strong interpersonal and communication skills as well as a customer-oriented attitude.
- Ability to work independently and to collaborate in a team environment.
